"The Economy, our Government and You: Collaboration in Achieving Financial Freedom"

Tom Petro

**President & Chief Executive Officer
Fox Chase Bank**

The recent economic turmoil and future economic uncertainties have made many Americans worry about their own financial well-being as well as the financial stability of America. Mr. Petro's presentation examines our government affect on our economy, fissures that have hammered our economic foundation and what we can do, as Americans, to help restore prosperity to our country.

Tom and his wife, Kris Messner, also co-authored the book *SAVE! America: Your Guide to Achieving Financial Freedom*. The book combines their personal experiences of getting their financial house in order with an easy to use guide for each individual to address their own financial behavior, budgeting needs, and savings and debt management issues. Tom will be distributing free copies of the book to all attendees and will also be available for a book signing.

Tom serves as First Vice Chair of the Board of the Pennsylvania Bankers Association. He is also the Finance Chair of the Board of Trustees of Eastern University and Vice Chair of the Cabinet Committee for United Way. Tom is a board member of the Chester County Chamber of Business and Industry.

This is the third of our complimentary seminars on financial topics presented by The Friends of the Horsham Library to the community. To best serve seminar attendees and for overall planning purposes, reservations are encouraged and appreciated.
